CAREER OBJECTIVE

Motivated data science enthusiast with strong leadership, analytical, and programming skills. Eager to develop scalable solutions using statistical models, machine learning, and big data tools to solve real-world business problems and improve decision-making.

EDUCATION

- ❖ **COMPUTER SCIENCE & INFORMATION TECHNOLOGY (CS&IT) | MEERUT INSTITUTE OF ENGINEERING & TECHNOLOGY, MEERUT (2022-2026)**
- ❖ **SENIOR SECONDARY (UP BOARD) | KMSVM INTER COLLEGE GARHMUKTESHWAR (2021-2022)**
- ❖ **SECONDARY (UP BOARD) | KMSVM INTER COLLEGE GARHMUKTESHWAR (2019-2020)**

ACADEMIC PROJECTS

PROJECT 1: NETFLIX CLONE

- ❖ Created a streaming platform replicating Netflix's core functionalities with user authentication, video playback, and responsive design. Implemented a dynamic catalog of movies and TV shows using a clean interface for easy navigation. Technologies used: HTML, CSS, & JavaScript focusing on scalability and performance for a seamless viewing experience.

PROJECT 2 : MEDISCAN USING AI

- ❖ Developed an AI-driven system to analyze symptoms and medical data for early disease prediction, aiding doctors with faster, data informed decisions using ML and deep learning. ❖
Designed an AI system to analyze medical symptoms and imaging for diagnosis used Python, TensorFlow for classification and symptom analysis.

PROJECT 3:Online Banking System Testing Project (using Selenium)

- ❖ Automated banking workflows with Selenium WebDriver and POM
- ❖ Covered login, transfers, balance, and errors.

TECHNICAL SKILLS

- ❖ Python, Java
- ❖ HTML, CSS & JS
- ❖ SQL, Tableau, Selenium
- ❖ Power Bi, Numpy, Pandas, Seaborn

ACHIEVEMENTS

❖ DEVGATHERING HACKATHON (2024)

Participated in DEVGATHERING Hackathon 2024, developing an innovative tech solution within a competitive, team-based environment.

PERSONAL SKILLS

- ❖ Good Communication Skills
- ❖ Leadership
- ❖ Team Work, Decision Making

CERTIFICATION

- ❖ AWS Certified Cloud Practitioner
- ❖ Certificate Of Training Cyber Security (InternsElite)
